

## FoodFactory-4-Us International Competition 2019: *Fighting Food, Energy and Water Losses*

**Final Virtual Conference PROGRAMME**  
**Thursday 27 June at 10H via GoToWebinar**

The 2019 Edition of the international student competition game FoodFactory-4-Us is an activity of the ISEKI-Food Association ([www.iseki-food.net](http://www.iseki-food.net)) aimed at developing an interactive competition for student teams from different universities to compete to find the best solution to one specific food industry-related problem.

Since February 2019, student teams have been working on projects dealing with strategies and actions aimed to reduce food, energy and/or water losses in the food chain.

In this Final Virtual Conference, all teams will present their projects and the winning teams will be selected and awarded. Please register for FoodFactory-4-Us Final Virtual Conference at: <https://www.food-sta.eu/events-view>. After registering, you will receive a confirmation email containing information about joining the webinar.

10.00	Welcome and Introduction to the Final Virtual Conference <i>Paola Pittia (University of Teramo)</i>
