Valorizing Food Biodiversity

FOOD FACTORY-4-US VALORIZING FOOD BIODIVERSITY FINAL CONFERENCE : 18 FEBRUARY 2021, 13 – 16.00 CET

The FoodFactory-4-US Sustainable Supply Chain International Student Competition - organised by the [ISEKI-Food Association](#) as part of the [NextFood](#) project - has been running since October 2020 with student teams from universities worldwide competing in a game based on participatory education and action learning to find the best solutions to how food biodiversity can be valorized. Student teams' projects will be presented at the Final Virtual Conference and the Winning Team will be decided!

Programme	
13:00	Introduction to the competition
13:10	FAM: Reverse & diverse: Reverse food waste to probiotic food, improve health and diverse diet in Nigeria
13:25	Lost crops of Africa: Exploring the untapped potentials of South African indigenous and underutilized crops
13:40	Kallipachasun Songorchista: un alimento, una vida: Mitigating food loss and waste by ensuring biodiverse and sustainable food
13:55	Cheez'Inov: Cross cultural approach for the development of new plant-based cheese.
14:10	RSG Ethiopia: Formulations of Mungbean (Vigna Radiata) and Carrot (Daucus carota L.) Enriched Biscuits.
14:25	The Spedibles: Valorization of spent grain for vegan sustainable edible packaging
14:40	The Foodconamiats: Bio-aided water filtration - an approach to food processing waste utilization
14:55	ASMITA: "Dangke" Traditional Cheese from Little District Indonesia
15:10	FAM for Future: Valorization of oilseed food value chain using natural pesticides & edible cutlery made of oilseed
15:25	Break while evaluations are finalised
15:55	Presentation of the Winning Team
16:00	End of the Final Virtual Conference

**PARTICIPATION
IS FREE AND
OPEN TO
EVERYONE**
